INTRODUCING GENWORTH FINANCIAL

Welcome to **Genworth Financial**. While our name is new, we are well-established. With 15 million valued customers, more than 5,000 skilled professionals and \$98 billion in assets (as of 6/30/04), we offer the stability, performance and high ratings you'd expect from one of the world's largest insurance organizations.

Our history began more than a century ago, with our first insurance policy written in 1871. Later, as part of the GE family, we built financial strength, operational discipline and a reputation for integrity. As we become an independent company, we continue to use that experience to serve three major customer needs: protection, retirement income and investments, and mortgage insurance.

We have built a company that is strong, resourceful and flexible. Explore our site to find out more about Genworth products and services.

- **About Genworth.** Access information and resources for our customers and our business partners, get answers to FAQs, read a letter from CEO Mike Fraizer and learn about Genworth's heritage and values.

[FAQs](#)

We are a new company – and we are well-established. Our history began more than a century ago, with our first insurance policy written in 1871. Later, as part of the GE family, we built financial strength, operational discipline and a reputation for integrity. As we become an independent company, we continue to use that experience to serve three major customer needs: protection, retirement income and investments, and mortgage insurance.

Our GE Heritage

As we build our new brand and build **Genworth Financial's** identity in the marketplace, we will continue drawing upon valuable resources from GE:

- The Leadership Team from GE Financial and GE Mortgage Insurance has joined Genworth Financial.
- Our Board of Directors will include three independent directors, five GE directors and one Genworth director.
- We continue to use the investment management services of GE Asset Management.
- We have the right to use the GE brand and logo in connection with our products and services for up to five years. As part of a phased introduction of our brand, we will continue to use the GE brand and logo with customers as we establish the new Genworth brand.

Genworth Financial, Inc. is one of the largest insurance and financial services companies in the U.S., with an expanding international presence.

We serve the following three customer needs:

Protection.

We offer U.S. customers life insurance, long term care insurance and, for small to medium sized companies, we offer group life and health insurance. In 2003, we were the leading provider of individual long term care insurance and the sixth-largest provider of term life insurance in the U.S. according to LIMRA International. Genworth's leadership in long term care insurance is based upon 30 years of product underwriting and claims experience.

Retirement Income and Investments.

We offer U.S. customers fixed, variable and income annuities, variable life insurance, asset management, and specialized products, including guaranteed investment contracts, funding agreements and structured settlements. In 2003, we were the leading provider of income annuities in the U.S., according to LIMRA International.

Mortgage Insurance.

In the U.S., Canada, Australia, New Zealand and Europe, we offer mortgage insurance products that facilitate homeownership by enabling borrowers to buy homes with low-down-payment mortgages. In 2003, according to Inside Mortgage Finance, we were the fourth-largest provider of mortgage insurance in the U.S. We are a leading provider of mortgage insurance outside of the United States.
